Wall or Post Mounted Cigarette Bins

The CBP1 and CBS1 are our quirky and friendly faced alternative to the typical traditional dull wall mounted cigarette ash and butt collection trays. These units are produced in the UK to our highest quality manufacturing standards. These units allow businesses keep their designated outside smoking areas to stay litter free.

The CBP1 is our entry level unit; it is produced from 0.7mm mild steel and has a white powder coated finish.

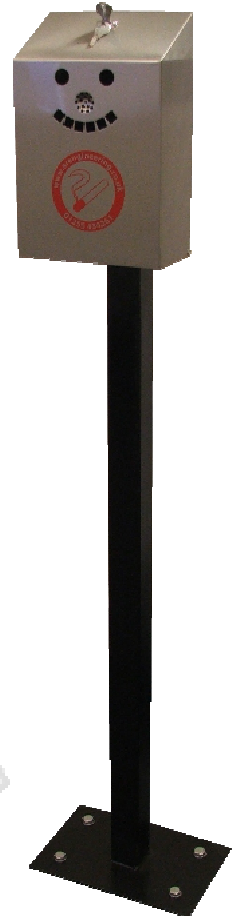

The CBS1 is our top level unit and is manufactured from 0.7mm grade 304 stainless steel.

All models come complete with a galvanised steel wall fixing plate and an easy to empty internal collection bin which can be seen on the picture below.

All our units are supplied individually boxed and come complete with wall fixings and two keys.

Dimensions:

308mm H (12") x 200mm W (8") x 100mm D (4") Weight is approximately 2kg.

We also offer the CB/Post as shown adjacent. This stand is manufactured from heavy duty 3mm steel with a powder coated black finish. The stand is provided ready to accept either the CBP1 or CBS1 and is interchangeable between the two units. The stand measures 1250mm in height.
